

## Occupation: Local Government Water Environmental Advisor

**Job Description:** employees are responsible for monitoring water usage, standards in accommodation, public swimming pools and the impact and treatment of waste water on the environment.

**Qualification:** LGA40304 Certificate IV in Local Government (Health and Environment)

This qualification reflects the role of individuals who use well-developed skills and a broad knowledge base in a wide variety of contexts. They apply solutions to a defined range of unpredictable problems, and analyse and evaluate information from a variety of sources. They may provide leadership and guidance to others with some limited responsibility for the output of others.

The Local Government LGA04 Training Package guidelines have been applied to create this occupational profile:
